EDUCATION

WUT
Warsaw University of Technologies
Faculty of Mathematics and Information Science
Third year student
Cumulative score : 3.6
Started in Oct 2018 | Warsaw, PL

SELF EDUCATION

CS50 COURSE
Harvard Course
Participated in the famous Harvard Computer Science online course. Got basic knowledge of C language and then continued my self-education in Java

JAVARUSH
Online Course
Studied on web educational platform called 'JavaRush' and got the fundamental applicable Java 8 knowledge required in any type of projects.

SPRING & HIBERNATE COURSE
Introduction to Web
Completed Udemy online course which went through a dozen of topics involving Spring Framework and Hibernate. After getting a certification I was able to start my own project which soon became a commercial one and got sold.
